Innovative Gameplay

Looter Mode: Continuously Evolving Interactive Gameplay

Looter Mode

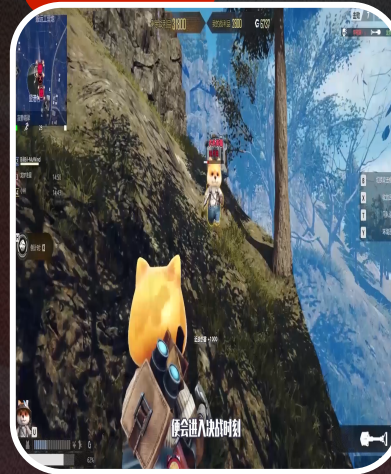

Tactical BR

Players are divided into teams of four and given basic equipment prior to battle. Victory is achieved by eliminating enemy players.

Tussle for resources

Players can take resources away from the battlefield after the match. They can also purchase extra supplies airdrops and revive players at supply stations.

Big Head Looter

Arcade BR

Increase your energy level by dealing damage and collecting energy from around the stage. The players with the highest energy at the end of the round transform into Big Head Looter, who enjoy a variety of special abilities!

Innovative respawn mechanics

After taking damage, your movement speed is increased and hurtboxes shrunk temporarily. Respawn after a short time, sooner if you are revived.
